Claims 3, 4 and 37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 3 and 4 are in improper form because a multiple dependent claim should refer to other claims in the alternative only. See MPEP § 608.01(n). Note that claims 3 and 4 depend from claims 1 and 2.

Applicant's arguments filed April 27, 2011 have been fully considered but they are not persuasive.

Applicant contends that claims 3 and 4 have been amended such that they are no longer multiple dependent. This argument has not been found persuasive since claims 3 and 4 still depend from claims 1 and 2.

Claim 37 is rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: the synthesizing step in the method of preparing a compound of claim 1.
